Dales x Cob

Black

Gelding

9 years old

A handsome all-rounder who's great to hack, cross country and hunt. Hacks alone or in company and is bomb proof on roads. He would make a great mother and daughter ride, would do well at showing with great paces and would also make a great natural horsemanship project as he is very smart. He is a very kind and gentle horse although not a novice ride, he is a good doer can live in or out. Only front shod and is good with vet, farrier, clip, catch etc. All vacs, teeth and worming are up to date.
